

Foundations of ECSI 2017

Event Overview:

This event offers the participants an introduction to:

- An understanding the current Catholic educational context for ECSI
- The purpose of the scales developed for ECSI – the Post-Critical Belief Scale; the Melbourne Scale; the Victoria Scale
- The reading and interpretation of ECSI data

Who can participate?

In consultation with the organisers, participants would be nominated according to the school's/college's annual action plan and specific focus identified for ECSI. In light of this, participants could be a whole staff group or a particular learning and teaching team within the school.

How will the program be structured?

In consultation with the organisers, the program will provide a sequence of professional learning for ECSI consistent with SIF.

The program has been designed to:

Attend to the identified ECSI needs of the school/college.

What is expected of Participants?

To attend all stages of the professional planning negotiated and to transfer and embed the new learning into practice.

What is required of the Principal?

To attend and participate with staff.

To ensure that participants have the time available to attend the professional learning session(s) and apply learnings in the school setting.

What you can expect from the CEOB:

The CEOB will work collaboratively to develop and facilitate the program.
