

## Prayer in the Classroom

### **Event Overview:**

This professional learning experience explores styles of prayer that would be suitable in classrooms. Practical suggestions and resources are made available. As well as personal prayer, an understanding of liturgy is developed, with ideas on organizing and structuring a class liturgy offered.

### **Who can participate?**

Teachers and staff engaged with primary years students.

### **How will the program be structured?**

The program will be structured in consultation with the organisers.

### **The program has been designed to:**

Provide learning and teaching opportunities that foster post critical belief and recontextualization in the area of prayer.

### **What is expected of Participants?**

For participants to transfer skills learned into fruitful prayer experiences in the classroom.

### **What is required of the Principal?**

Provide time release for participants to attend as well as prompting goal-setting connected to enhanced prayer opportunities in classrooms.

### **What you can expect from the CEOB:**

To provide professional learning and ongoing support according to the needs of the participants.

### **Registration:**

Registration will be available [online](#) early in the 2017 school year.

### **Endorsement**

John Meneely
